PROFESSIONAL SUMMARY

Full-Stack Developer with expertise in **Java**, **Spring Boot**, **React**, and **SQL**. Proficient in building and maintaining end-to-end web applications, from responsive front-end interfaces to robust back-end services.

WORK EXPERIENCE

Business Analyst Intern – Dhumavati Consultancy LLP | June 2025 – September 2025

- Documented and managed requirements for an e-commerce website, capturing 20+ features and handling continuous updates
- Coordinated between stakeholders and developers to align business needs with technical implementation.

STEM Mentor | JNV Dwarka, Gujarat | TeachMyRobot | November 2025 – December 2025

- Mentored students in **Arduino** and **3D printing**, successfully delivering **56+ hands-on projects** involving sensor integration and hardware prototyping through 25+ class lectures (Grade 6 -12)
- Managed the Atal Tinkering Lab (ATL) environment, fostering a culture of curiosity and problem-solving through practical 3D printing projects and hardware prototyping.

PROJECTS

Flight Booking System | Java

10/2025

- Engineered a console-based application to manage core airline reservation functionalities, including flight searching, user registration, seat booking, and cancellation
- Applied Object-Oriented Programming (OOP) principles to design system entities like Flight and Passenger, using the Java Collections Framework for in-memory data management

EduCare: Tutor & Course listing Frontend | Core Web | [Github](#)

08/2025

- Built entirely with HTML and CSS focusing on responsive design, smooth transitions, and user-friendly interface for showcasing tutors and courses
- Clean layout with animations, cards, and navigation for easy exploration to a Educational site

Weather App | React JS

- Developed a dynamic Weather App using React that fetches real-time weather data from an external API
- Implemented responsive UI components and state management for smooth user experience and accurate weather updates

TECHNICAL SKILLS

- **Programming Languages:** Java , SpringBoot, JavaScript , Rest API , SQL , React , HTML & CSS & Bootstrap
- **Tools:** Visual Studio Code , Spring Tools Suite
- **Soft Skills:** Communication, Interpersonal, Presentation, Analytical thinking, Logic Building.
- **Database:** MySQL

ADDITIONAL COURSES

- Full Stack Development in Java May 2025
 - Currently pursuing a comprehensive Full Stack Java Development program at IT Vedant, covering core and advanced Java, Spring Boot, SQL, React, and project-based learning. Focused on building end-to-end web applications with strong backend logic, database integration, and responsive frontend design.
- Topics Included : Core Web (HTML5 & CSS3) , JavaScript , React JS , SQL , Java , Spring Boot

EDUCATION

- **Bachelor of Science in Information Technology – CGPA 8.20** 2025
Navneet College, Mumbai
- **HSC (Science) – Secured Distinct Marks** 2022
Bhavans College, Girgaon , Mumbai
- **SSC – Secured First Class** 2020
SVM International School, Dadar, Mumbai

POSITION OF RESPONSIBILITY

- Annual Cultural Event College : **Media Head**
